

SCHOOL YEAR 2016-2017

Welcome Back! We are about to embark on another year of learning at Absarokee Elementary. I look forward to visiting with each of you throughout the year. Your child's education is as important to us as it is to you and we value communication between parents and the school.

The planner has been designed to help each child reach his/her full potential. Whether the teacher is helping the student use the planner to keep track of assignments, the child is using it to organize long term projects, or parents are gaining information from it, the handbook and planner are a tool that will help on the way to success.

The pages of the handbook are filled with important information regarding school schedules, procedures and code of conduct. Parents and students are encouraged to read these pages together. If you have any questions, please call the elementary office. Your signature on the sign-off sheet in this packet indicates your acknowledgement to abide by the guidelines found in the handbook of policies. We feel that open and clear communication between school and home is important to the success of the educational process.

Your participation, support, ideas and suggestions are welcomed and encouraged. Please remember that we are all in this together and a united front helps us achieve at the highest level possible. Goals are more achievable with everyone striving in the same direction. We look forward to celebrating the successes with you and your children.

When questions or concerns arise, please stop by or call the office to make an appointment to discuss the issues.

Sincerely,

Meredith Feddes
Elementary Principal

OBJECTIVES AND PHILOSOPHY OF ABSAROKEE ELEMENTARY SCHOOL

The educational philosophy of the faculty of the Absarokee School stresses a concern for and a commitment to the whole personal development of each individual. We, as educators, believe it is the role of the school to provide an environment that will stimulate students to acquire not only knowledge and skills but also those attitudes, understandings, appreciations, and values essential for their responsible participation in a democratic society. The function of the school is to identify the capability of each student and to prepare him/her not only to live in, but also to contribute to his/her environment and to develop his/her ability to meet and to react creatively and constructively to change. Our objectives include the following:

- 1) To provide a comprehensive program of instruction which stresses basic skills, individual attainment, intellectual curiosity, and positive attitudes toward learning.
- 2) To assist and cooperate with the home and community in the development of sound emotional and social values through the promotion of creatively planned curricula.
- 3) To provide each student with the opportunity to recognize his/her potential for and interest in specific areas of work and to develop skills that will lead to a sound economic future.
- 4) To encourage the development of a cooperative attitude toward living and working with others through an appreciation for and understanding of other cultures and other people.
- 5) To encourage and aid each student to develop a workable plan for his/her health and well-being in his/her natural environment and thereby to gain an understanding of economic principles, personal responsibility and pride in work and to attain a feeling of self-worth.
- 6) To encourage each student to acquire and develop appreciations of the cultural heritage and resources of the world today and to use these interests to enrich his/her future life.
- 7) To make a sincere attempt to understand each student's background in order to facilitate his/her learning and anticipate problems that might confront him/her.

MEDICATIONS

Elementary students who are required to take medications during the school day must adhere to the following guidelines:

Parents must bring the medication to the school office. ***Do not send prescription medication with a student.***

Medication must be in original prescription bottle, clearly marked with all of the necessary information.

Parents must complete and sign a "Consent for Administration" form (available in school office).

Please be advised that designated district staff will not dispense or administer any medication without written parental permission and a valid prescription.

STUDENT DROP OFF AND PICK UP

Please note: supervision of students does not begin until 8:00 AM and concludes once all buses have departed in the afternoon

Students transported by vehicle are dropped off in the designated "zone" on the Montana Street side of the building. Please be aware that this is a drive through area between the hours of 7:45-8:30 AM and 2:45-3:30 PM. **Vehicles can not be left unattended during those hours.**

Visitors to the building may park in the drop-off zone after 8:30 and before 2:45. For those parents coming in to meet children during dismissal, please park in city designated areas surrounding the school.

At no time is long-term parking permitted in the bus area. The bus zone is clearly marked.

In order to ensure the safety of all students, walkers and bike riders are taught a specific exit plan and required to cross at designated cross-walks. We ask that parents coming to the school observe these safety procedures as well.

EMERGENCY WEATHER CONDITIONS

In the event that weather conditions create hazardous driving conditions, information pertaining to the closing of school will be broadcast over the 99.3 FM radio station beginning at about 6:00 A.M. The school REACH telephone service will also be used for emergency announcements.

SPECIAL CONSIDERATIONS

Please be sure to send your child to school prepared for Montana weather. The guidelines for "snow attire" can be found on the Behavior Matrix page at the end of this handbook.

Students who have flu symptoms including a fever should be fever free for 24 hours prior to their return to school. This includes students who are sent home from school because of a fever.

If you require your child to stay in for recess for a brief period because of colds, flu, etc. please send a note requesting that he/she be kept inside, and for how long. We request that students not be at school before 8:00 a.m. Students are expected to go home after they are dismissed from school. Only bus students will be supervised.

EMERGENCY INFORMATION

Each pupil must have current emergency information on file in the school office. This information is essential in relation to special medical needs, custody alerts and who may pick up your child if you are unavailable. Should any information change during the school year, please contact the office so we can update our records.

TELEPHONE USAGE

Students will not be allowed to use the telephone unless permission is given by their homeroom teacher or school personnel. Students will be called to answer the phone only in extreme emergencies. Routine messages will be delivered to the students by the office. Students should make arrangements for after school activities, parent-pick up, changes in routine, etc. prior to the school day.

The use of CELL PHONES is NOT PERMITTED during regular school hours (8:00 a.m. - 3:15 p.m.) Should a student be found using (or handling) a cell phone during the school day, the phone will be stored in the office, a parent will be called, and the phone will be released to a parent only.

LEAVING SCHOOL

If it is necessary for a student to leave school, he/she must be checked out at the office. Students will only be allowed to leave the school campus with parent, guardian, or emergency designee. For safety reasons, we do not encourage the privilege of elementary students going home for lunch. No student will be allowed off campus for lunch without written permission from a parent or guardian. A parent must be home every time that student checks out for lunch. Students may not leave for lunch to go to another student's home or to go any place in town.

VISITORS TO SCHOOL

Parents and other approved visitors are welcome to visit our classrooms, however we do ask that you to notify us a day in advance of your visit. Visits must be approved by the principal and scheduled during times that minimize disruptions to the learning environment. Any person coming into Absarokee Elementary School must check in at the office, obtain permission to visit, and get a visitor's pass before going down the hallway and/or entering a classroom for any reason. Pupils who are enrolled in other schools may not visit classrooms or attend assemblies, parties, or excursions. Planned student visits may be scheduled for lunch and noon recess time, advanced permission from the principal is required.

Unclaimed clothing and other articles are kept in the Lost and Found container located in the entry by the office. Periodically, unclaimed articles are laid out on display for parents and students to claim. Any unclaimed items are disposed of. We STRONGLY suggest putting names in jackets, gloves, boots, etc. so if they are 'lost', we can help return them.

ACHIEVEMENT TESTS

The Montana Comprehensive Assessment System (MontCAS) is the testing program used to determine our school's AYP (Adequate Yearly Progress) as part of the Every Student Succeeds Act (ESSA). Grades 3rd – 6th take the Criterion Referenced Tests (CRTs) in Reading and Math. 4th grade is also evaluated in Science. Students in grades 2-6 also participate in the MAP Testing program (Measures of Academic Progress) and grades K and 1 use DIBELS (Dynamic Indicators of Early Literacy Skills) This benchmark data for reading, language, and math is collected in the early fall and then again in January and April. Teachers use these assessment tools to drive instruction and monitor student progress.

Testing is a valuable educational tool. It helps:

- THE SCHOOL: Compare the performance of its students to national norms in order to detect strengths and weaknesses in its programs.
- THE STUDENT: Identify individual needs and talents so that he/she can be guided into the best educational program to meet his/her needs.
- THE PARENTS: Develop a better understanding of their child's ability and performance at school

CURRICULUM AND INSTRUCTION

Absarokee Elementary strives to meet the needs of all learners through its systematic approach to instruction. In addition to the daily 90 minutes of Reading, we offer small group intervention sessions of 30 minutes. Our math program is designed to provide similar supports and enrichment activities. Students move in and out of the intervention groups based on their classroom needs and successes. The students are experiencing great academic gains as evidenced by our on-going assessments. Please contact your child's teacher or the principal should you have questions concerning our curriculum and the RtI process.

ABSAROKEE ELEMENTARY ATTENDANCE POLICY

Regular and punctual attendance is essential in the development of responsible behavior and successful curriculum completion. Absarokee Elementary has high expectations for student success and therefore expects students to be present and punctual throughout the year.

Should a student be absent, a parent or guardian is to call the office in the morning to verify that his/her child will be out. If not contacted, the school must attempt to reach the household of every student not in attendance. **For all absences, parents or guardians are required to send a note stating the date and reason for the absence.** Your assistance in providing us with this needed documentation would be greatly appreciated. Teachers will collect the notes and keep them for reference when requested during attendance conferences.

TARDIES

Students should always arrive on time for school. A student is considered tardy if he/she is not in his/her homeroom 3 minutes after the bell rings. If for some unforeseen reason he/she cannot arrive on time, please call and notify the office. All students who arrive late to school must check in at the office and obtain an **"Admit"** slip before reporting to his/her homeroom.

A student who accumulates three tardies will serve an after school detention. Every three tardies thereafter will be counted as a half day absence each semester and the student will still serve an after-school detention. Should a pattern of tardies develop a conference will be scheduled with the student, parents, teacher, and administrator.

NUMBER OF ABSENCES

The academic standards of Absarokee Elementary School require a student to be in class a sufficient amount of time to receive ample learning opportunities. For this reason, a maximum of 10 absences per semester will be allowed. After going over the ten allowable absences, students will be penalized 2 percentage points (2%) for each day over 10 on a semester grade. The principal may excuse absences over 10 in extenuating circumstances. A student may appeal loss of percentage points to the principal. If not satisfied with the decision of the principal, the students may appeal to the Board of Trustees.

TYPES OF ABSENCES

To prevent any possible misunderstandings, parents are advised that in general two types of absences are recognized.

(All apply to 10-day limit.)

EXCUSED: illness / medical appointments, family emergency, bereavement or act of God

UNEXCUSED: any reason other than illness, family emergency, bereavement or act of God

PLANNED ABSENCE

Parent calls at least 24 hours in advance to notify teacher and principal of absence.

Student obtains a "planned absence" form from office or teacher and has it **completed and signed prior** to the absence

In the event a child will be gone for an extended period of time, please let the teacher/principal know several days in advance to give teachers time to prepare assignments.

All work is due immediately upon the student's return.

PROCEDURE REGARDING ABSENCES FOR ABSAROKEE ELEMENTARY SCHOOL

A. After 5 absences in one semester, parents will receive a notice from the office containing school district policy on attendance.

Students must have a 2.0 GPA to be eligible to participate in any extra-curricular activity. Student athletes in grades 5-6 should anticipate a weekly grade check during their athletic season. All 5th and 6th Graders participating in athletics are required to pay a \$25.00 per year athletic fee and purchase an activity ticket. Students in K – 6th grades may purchase an activity ticket for \$25.00 which allows them entrance to all Absarokee Schools regular season home athletic events.

SUPPORT SERVICES

- 1. Title I: Intervention services for students who need assistance in the areas of reading, language, or math. Parents and/or teachers may recommend a student to be considered for Title I intervention.
- 2. Resource Room: Students may receive assistance in the resource room based on federal law, regulations, and eligibility criteria.
- 3. Guidance: The Elementary Guidance program, through small group sessions, provides opportunities to discuss issues, accept feelings, and increase self-concept. The goal of our Guidance program is to prevent problems from happening in the future. The group sessions for Grades K-6 provide an opportunity for the students to accept and trust our guidance counselor.
- 4. Hearing Screening: Each year the students in Grades K, 1, children with known hearing loss, all new students, and any parent and teacher referrals will have their hearing checked. Parents are informed of any hearing problems detected. By signing this handbook, you are giving consent for the hearing specialist to screen your child.
 * Hearing screening is conducted each school year and is mandated for students in grades K,1 and 9 or 10. Students in other grades will also be screened if they are new to the school, on the annual hearing recheck list, or referred by the school or parent/guardian. The initial hearing screening consists of pure tones and may also include immittance screening, which measures the movement of the eardrum by putting positive and negative pressure into the ear canal. If your child is absent, unable to complete the initial screening or does not pass the initial screening, they will be referred for a hearing rescreen. The Hearing Conservation Program audiologist will conduct the hearing rescreen and, in addition to the pure tone and immittance screening, may also conduct otoacoustic emission screening, which is a measure of cochlear (inner ear) function that does not require the child to respond.
- 5. Vision Screening: First and third grade students' vision will be checked, along with any new Kindergarteners who didn't have their vision checked at the Kindergarten Roundup, all new students, and any parent and teacher referrals.
 The results will be shared with parents.
- 6. Speech Therapy: Assist students in overcoming a variety of communication disorders. Teacher or Parent referrals can be made to determine if a child qualifies for service
